

25 Years of Strengthening Children's Lives Through Horses

For 25 years, Mitey Riders has provided equine-assisted therapy to children with special needs free of charge. Our therapeutic riding program provides a unique form of therapy for children managing a range of disabilities including spina bifida, autism, cerebral palsy, Down syndrome and more. Each week from September to May, we host our riders and their families with the help of over 200 volunteers and 20 specially trained horses.

Benefits of Therapeutic Riding

Therapeutic riding encourages the development of physical, cognitive, and social skills. Our program develops confidence, a sense of independence, and encourages focus and communication. Our horses turn an ordinary day into something truly extraordinary.
